

Holiday Lighting Committee Minutes

***November 8, 2021
Town Hall Annex 9:30AM***

Members Present: Gail Cromwell, Mary Scholl, Matt Cabana

- I. **Call to order:** Chairman Cromwell convened the meeting at 9:38.
- II. Minutes of October 20 were reviewed and accepted by Cromwell, Cabana and Scholl.

III. **Discussion:**

A meeting was scheduled for 10/06 but not held, due to lack of a quorum. Cami Lockwood asked that colored lights be considered for the focus tree. After discussion on 11/08 it was determined that we currently have ample supply of lights; and colored lights on the focus tree should be considered for 2022 when replacement lights will likely need to be purchased.

Gail reported that per the Select Board, crowds and public events at the Town Hall are on hold.

We have been notified that Consolidated Communications will not be participating in sponsorship this year.

A donor who wishes to remain anonymous at this time has donated the focus tree. Dan has recommended 12' max height for the tree.

Gail will contact Kent Perry regarding reinforcement of the base for the focus tree.

Gail will contact Phil Lauriet to ask him to lead the carols.

The date for the Tree lighting is Sunday, **December 5, at 5pm**. There will be no coordination with the Rec Committee or Elementary School activities this year. Matt suggested we consider "story tellers" or other local performers and he will look into that.

A table with cider, hot chocolate and cookies will be set up on the green (Gail & Mary).

It was decided to ask Peggy Cournoyer to do the honor of turning on the lights.

The meeting was adjourned at 10:12.
