

TOWN OF TEMPLE, NH

Final Minutes of CIP Meeting
October 28, 2015

Committee Members Present: Connie Kieley, Tedd Petro, Ken Caisse, and Gary Scholl

1. The minutes of 10/14/15 were approved with minor amendment.
2. The three (3) Fire Engineers from the Fire Department came before the CIP committee for a lengthy discussion regarding Fire Department future needs:
 - A) Repairs have been completed on the brush truck and it should be usable for the next 30-40 years.
 - B) There are no warrant articles anticipated for the Fire Department this year.
 - C) The 1993 fire pumper remains active for some kind of action in 2023. All agreed that a discussion should be ongoing concerning a pumper, as the cost of this type of equipment is growing rapidly and should be monitored closely.

Meeting was adjourned at 8:00 PM.
