Re: Stepping Stones Farm and Event Center

Dear Zoning Board of Adjustment:

I am writing to you today in support of Boo Martin request for a change of use exception to host special events at Stepping Stones Farm and Event Center off of Webster Highway in Temple, NH.

As a small business in our local community, our partnership with Boo and her facility will great benefit us directly by providing a site in our immediate area to host special events. We in turn will be able to provide our bakery services locally. We are excited to have the ability to partner with Boo, as we feel Stepping Stone Farm and Event Center fits well into the local community feel and historic nature of Temple, and surrounding community.

Myself, as well as some of my staff, have had the opportunity to visit and attend events at Stepping Stone Farm and have been immensely impressed with the impeccable venue. Boo will continue to have animals and beautiful gardens on the Farm, which is one of the unique features of New Hampshire and this region that draw people here for the special events in their life. Boo's family has owned this property for over 50 years and no one is more passionate about preserving the history of the property and her own neighborhood than her.
