

Dear Members of the Temple Select Board,

FYI, we happened upon these events (copies attached below) which were omitted from the list of events submitted by the Applicant in response to Attorney Drescher's 5/26/21 correspondence. The website for Dahlia is found at "dahlianomadic.com".

It appears each of these events is open to the general public. Events open to the public are not included in the Application submitted by Stepping Stones Farm and Event Center, LLC, and as a result, do not comply with the criteria specified in Attorney Drescher's letter.

We believe it would be helpful for the Town, and to us as Abutters, to have the Applicant provide the date and time of each event, type of event, and number of attendees.

Thank you,

Arlene Laurenitis

A Variety of Lute & Guitar Music from Rome

Rome, the "Eternal City", has always been a political and religious center, and as such, it has traditionally hosted diplomats and international religious leaders. Through the centuries, visiting ambassadors and aristocrats brought along with them the best musicians they could find to provide entertainment at their places of residence in the city. In this way, 17th-century Rome became the most musically diverse city in Europe.
