Re: Variance Application of Ben's Pure Maple Products, LLC, Tax Map 2, Lot 27

Dear Members of the Board:

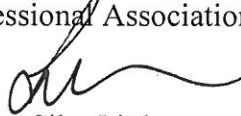

With respect to the minutes of February 2, 2021, on page 2, I believe the paraphrase of my statement is incorrect. I have taken the position that the measurement needs to go from the residential structure dwelling to the use and not to the building.

I did not record the hearing. The minutes mischaracterized the position I have taken and if I made an error in speech, then putting in a negative on the 2nd line of that paragraph such that it reads "should not go from building to building" captures the position I have taken in this matter.

Very truly yours,
